

LOCAL SUPPORT MID & EAST ANTRIM

Veterans and their families often experience life events which impact on their mental health. Services are available in your area that can help.

Asking for help can seem daunting, but there are so many people who will support you if you choose to take that first step. To learn more about mental health support in Northern Ireland, please go to our website and download [A Guide to Veterans' Mental Health Provision in Northern Ireland](#) and our series of Local Support Mental Health Leaflets, which are designed to help you access those services.

There are 6 Key Mental Health Referral Partners, highlighted in red, and several other organisations who provide Mental Health outreach and associated support across Northern Ireland, and in your local area.

The Northern Ireland Veterans' Support Office is here to help connect you to these vital organisations. Visit our website, or use the QR code, for further details on accessing these services.
